

HEALTH & SAFETY POLICY

CDSL provide business and service solutions, stock management, stockholding and distribution for domestic appliances, products, parts and accessories

It is our vision is “to be the first choice for home appliance after sales service, spare parts, accessories and appliance distribution”

It is therefore this company’s policy to do all that is reasonably practicable to provide safe and healthy working conditions for the prevention of work related injury and ill health for all who come into contact with CDSL.

CDSL management team are committed to:

- Complying with all legal and other requirements that we deem to be applicable to our business and our interested parties.
- Eliminating hazards and reducing Occupational Health and Safety Risks through our Risk Assessment process
- Continually improving our Health and Safety management system
- Involving our workforce through our participation and consultation processes
- Establishing objectives that address our risk and opportunities and are consistent with this policy statement

Andrew Sharp
Managing Director
